SUMMARY

Full-Stack Web Developer with hands-on experience building and deploying an AWS-based SaaS application end-to-end.

Skilled in TypeScript, HTML, TailwindCSS, and modern front-end frameworks(React), with practical experience integrating back-end services, authentication, and cloud infrastructure.

Strong understanding of UI/UX principles, responsive design, and cross-browser compatibility. Experienced working in fast-paced environments, with strong communication, problem-solving, and adaptability skills.

SKILLS

- HTML5, CSS3, JavaScript (ES6+)
- React.js (Hooks, Client-side Routing with React Router, useNavigate, useParams, SPA)
- Next.js, Vite (Modern Frontend Build Tools)
- Angular (Components, Services, HTTP Client, Basic Routing)
- SCSS, Tailwind CSS, Bootstrap (Utility-First & Component-Based Styling)
- Hosting & Deployment: AWS EC2 (Server Deployment & Hosting), AWS S3 (Static Asset Storage), AWS RDS (Managed Database Service), Netlify, Render, Nginx & HTTPS via Certbot
- Node.js, Express.js (RESTful API Routing & Middleware, CORS Handling)
- C# (.NET Fundamentals, OOP, Collections, LINQ Basics)

EXPERIENCE

Front-End Developer, 05/2023 - 12/2025

M Star Factory - Seoul, South Korea

- Developed Mezzanine Dermatology website from scratch in collaboration with another developer.
- Developed user-friendly website interfaces using HTML, CSS, and JavaScript for enhanced user experience.
- Implemented responsive web design principles to guarantee optimal viewing across various devices.
- Improved web design and usability through UX testing.

Airbnb Cohost, 03/2024 - 09/2024

Mithalia Ltd - Leeds, UK

- Operated and managed a short-term rental property end-to-end, including guest communication, listings, and pricing
- Communicated with domestic and international guests to handle enquiries, bookings, and issue resolution
- Produced high-quality property photos and optimized listings to improve visibility and booking rates
- Promoted listings across multiple platforms to maximize occupancy
- Managed calendars, availability, and day-to-day operations independently

Military Security Specialist & Transport Operator, 11/2021 - 05/2023

South Korean Military - Siheung, Gyeonggi Province, South Korea

- Demonstrated discipline, reliability, and teamwork in a high-responsibility environment.
- Conducted security patrols, access control, and operational reporting.
- Operated and maintained transport vehicles for personnel, and equipment.
- Warned violators of rule infractions and escorted unauthorised people off-premises in line with company procedures.

EDUCATION

BSc (Hons) Naval Architecture & Ocean Engineering, 2025

University of Ulsan - South Korea

[Degree] Graduate

- Completed a comprehensive engineering program focused on advanced mathematics, physics, mechanics, and systems analysis.
- Gained hands-on experience in structural design, CAD modelling, simulation, and computational analysis.
- Built strong expertise in fluid dynamics, thermodynamics, structural analysis, and control systems.
- Developed analytical thinking and data-driven problem-solving through engineering modelling and technical documentation.
